

Here's the Scoop.

We've been doing design, printing and promotions for over two decades and we're really good at it! Our clients rely on our creativity and dependability but they love us because of our friendly service.

DESIGN

All successful projects begin with great design. But all designs are not created equal - ours are just plain better. And to make it even more compelling, we know how it can drive ROI.

Westminster's in-house creative team excels in stellar visual communication. And the cool part is, once we understand your brand, we can translate it to the web, into a huge variety of branded merchandise and just about anything you could possibly want or need to help your business grow.

PRINTING

Our roots are in the printing business. We STILL love print - the smell of the ink and the feel of a great paper stock. Because we know that each job is unique, we offer a variety of both offset and digital solutions so that we make sure we deliver to your specifications when it comes to quality, turnaround time and budget.

PROMOTIONS

Ever get something handed to you at a trade show and wonder, "What were they thinking?" Our promotions never get that reaction. We're the best at creating unique and clever promotions that will get you noticed, build your brand and do what they're meant to do: generate business!

ESTORES

Do your employees know where to go to get a laptop bag, mug, shirt, hat or yo-yo with your logo on it? Do you get flustered trying to think of what to give clients as a thank you or holiday gift and really wish there was a single, online, one-stop-shop where you could go and get everything you need all at once? If a centralized, online application for you and your team to order your promotional products and printed collateral sounds perfect, give us a call.

Westminster offers convenient online stores enabling our clients to place, view and track orders 24-7. We'll help you choose from a huge selection of neat products and get them customized just the way you like 'em.

Voted the Mountain View Chamber of Commerce Outstanding New Member for 2009
